

100% ELDERBERRY

the feel better berry

Elderberry is one of the most common and well known medicinal plants. High levels of Anthocyanins, Flavonols, Phenolic Acids, and Vitamin C suggest that Elderberry may help boost immunity and improve cold and flu symptoms. Our MicroDried® Elderberry products allow you to easily add these immune-boosting properties to your applications like vitamin gummies, functional chocolate, yogurt toppers, teas or kombucha.
